WELL KNOWN GREENCASTLE MAN IS DEAD

CHARLES T. VANCEAVE PASSED AWAY ON THURSDAY EVENING

AS RETIRED MERCHANT

Funeral Services Will Be Saturday Afternoon At Shannon Funeral Home; Rev. Souder In Charge

Charles Thomas Vanceave, for 81 years a resident of Greencastle, died Thursday night at 10:30 o'clock in his apartment at the home of Mr. and Mrs. John Brown, 409 east Hanna street. He had been in declining health for a number of years. The last week of his life were without suffering. It was a peaceful ending of a life which had been closely connected with the community's economic activities for more than 40 years. He was the son of Stephen Vanceave, a butcher and meat dealer, and the son entered his father's employ when the son was but 15 years old, and he, in turn, became a butcher and meat dealer, following the business until he had to retire because of the condition of his health and his advanced age. His sons, today, spoke with considerable pride of the fact that there was a Vanceave in the market in Greencastle from the year 1854, when Stephen Vanceave opened his shop here, until their father retired.

Charles Vanceave, in the course of his many years as a stock buyer in Putnam county, formed close friendships with many farmers in all parts of the county, and he dealt with them year after year, having their confidence in all of the trades he made with them.

Mr. Vanceave was a member of Putnam Lodge of the Odd Fellows and some time ago received from that lodge a 45-year pin, which he prized. He also was a member of the Baptist church of Greencastle.

Mrs. Vanceave was the former Emma Alice Brown, of Coles county, Ill. Her death occurred in 1917. They were the parents of three children—Charles Edgar and Elmer D., both of Greencastle, and there was another son, Albert Bennett, who died in 1901. Mr. Vanceave had six brothers and one sister, but he was the last of the large family, so will now in Greencastle in earlier years.

Funeral services for Mr. Vanceave will be held at the Shannon Funeral Home Saturday afternoon at 2:30 o'clock, and interment will be at Forest Hill cemetery. The minister in charge will be the Rev. I. E. Souder, pastor of the First Baptist church of Greencastle. The Odd Fellows will give their burial service also.

Curfew Imposed On Paris Area

VIOLATORS OF NAZI ORDER WILL PROBABLY FACE FIRING SQUAD

VICHY, France, Sept. 19.—(UP)—Gen. Heinrich von Stuepnagel, commander in chief of the German occupation forces, imposed a three-day blanket curfew on the entire Paris area today because of attacks on German troops and warned that curfew violators would be held as hostages, possibly to be shot in reprisal for future attacks.

The curfew order, and a proclamation by Stuepnagel complaining of lack of "co-operation" by the French people, were published this morning in the Paris newspapers for public information.

"I will no longer tolerate that lives of German soldiers are threatened by assassins," Stuepnagel said in his proclamation. "I will not waver before any measure, however severe, in the execution of my duty."

(As the German order was received at Vichy, it said that the curfew would be effective immediately, that is tonight. Berlin, quoting a German official news agency dispatch from Paris, said the order would be effective from noon Saturday until noon Tuesday and the question of extension or cancellation would depend on the behavior of the people.)

16 Shoats Are Reported Stolen

SHERIFF ALSO INVESTIGATES FILLMORE STORE ROBBERY FRIDAY MORNING

North Putnam county had another livestock theft, Thursday night, when 16 head of shoats were taken from Hampton Aliff's farm on the Putnam-Montgomery county line, northwest of Roachdale. Mr. Aliff lives in Roachdale. The shoats weighed about 85 pounds each. Sheriff Robert Patton was called there this morning, and made a thorough investigation, but found little to indicate the identity of the person or persons who took the animals.

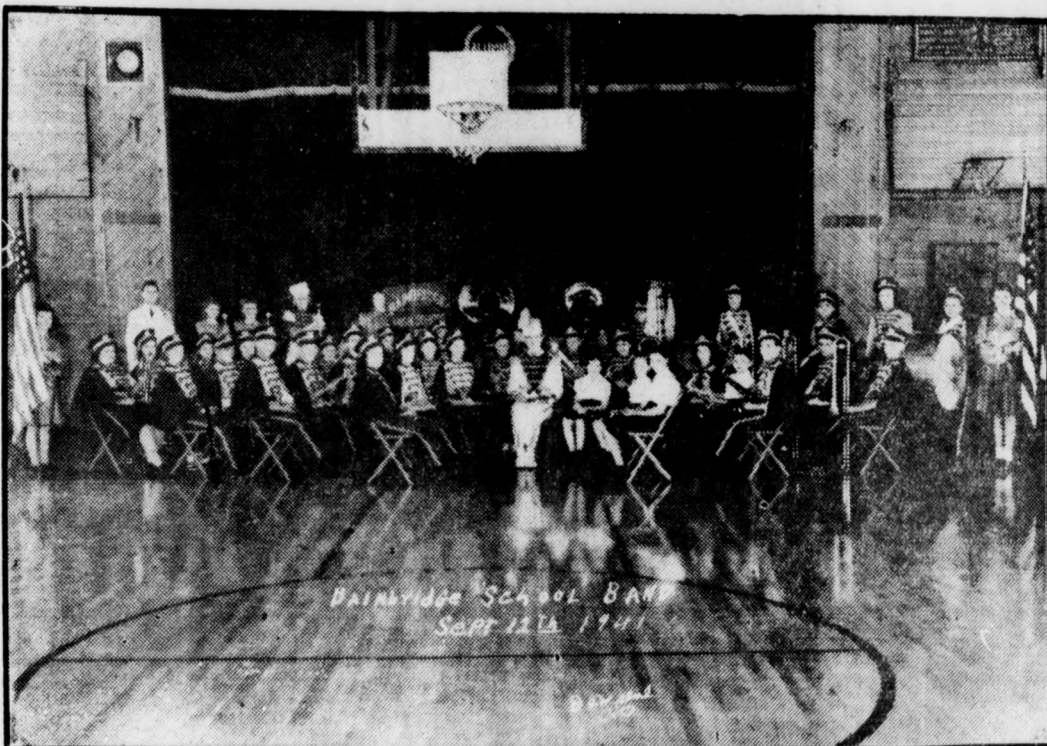

Thursday morning, Sheriff Patton was summoned to Fillmore where, during the preceding night, the Fay Robinson store was entered. The glass in the front door was broken out and the intruders reached through the opening thus made and unlocked the night lock, thus opening the door. Some 15 or 16 pennies were found and retained, and cigarettes and chewing gum were taken, also. No clew was left by the robbers, it was reported.

Nazis Predict Soviet Retreat

RED MARSHAL EXPECTED TO WITHDRAW TO THE EAST FROM UKRAINE

MOSCOW, Sept. 19.—(UP)—The Russian defenders of Leningrad reported today that they had crushed an attack "by huge Nazi forces" at one strong defense point and driven the Germans back three miles, recapturing at least three villages.

BERLIN, Sept. 19.—(UP)—Marshal Semyon Budenny is trying desperately to withdraw his army of the Ukraine to the east to avoid a threatening disaster, German dispatches from the front asserted today.

It was said that German advanced forces, motorcyclists, tanks and motorized rapid troops, already were meeting and "routing" Russian rear guards.

These rear guards, Nazi informants intimated, were being left as sacrifice troops to try to break the impact of the German advance, which was gaining momentum hourly, and permit the main body to retreat and form at new line to the east.

It was implied that the armies of Field Marshals Febr von Bock and Karl Rudolf Gerd von Rundstedt, whose central and southern armies drove a great pinchers thrust on either side of Kiev, had now joined forces east of that city and had thus pocketed tens of thousands of Russian troops.

A third German force was driving through the extreme south of the Ukraine and, it was indicated, had closed the top of the Crimean peninsula.

Russian troops holding the Crimea were reported to have been forced to abandon the isthmus near Perekop at the top of the peninsula under bombardment by hundreds of Stuka dive bombing planes.

There was little official information regarding the German advance so far as specific positions went but dispatches left no doubt that the central and southern armies were now going at top speed in possibly their most ferocious drive of the Russo-German campaign.

Morning newspapers devoted their main attention to Leningrad and said under big headlines that the second Russian city was doomed to "a fate worse than Warsaw's" if an attempt were made to defend it to the end.

The newspapers said that the Germans would give the Russians "not more than a couple of days or a couple of weeks" to make up their minds.

MAJOR FIGHT IN HOUSE

WASHINGTON, Sept. 19 (UP)—The administration prepared today for a major fight in the House over whether Russia should be permitted to receive war aid under the new \$5,985,000,000 Lend-Lease appropriation.

The administration never has said it planned to use Lend-Lease funds for aid to Russia, but House leaders will fight attempts to exclude her specifically from such help.

War Flashes

BERLIN, Sept. 19.—(UP)—An official news agency dispatch from Bucharest announced today that General Joanitzu, 51, chief of staff of the Rumanian army, had been killed Wednesday on the eastern front, and that funeral services would be held for him today.

LONDON, Sept. 19 (UP)—Unimpeachable sources said today that the problem of getting British and American weapons to Russia had become the most urgent of the war. Informants said the Germans held or threatened enough industrial territory to make it certain Russia could not supply herself with necessary armament.

BERLIN, Sept. 19 (UP)—Four Russian armies have been encircled 125 miles east of Kiev—half way to the industrial center of Kharkov—by the German forces driving into the Ukraine, the High Command asserted today in a communique issued from Adolf Hitler's headquarters.

Strike Settled At Kansas City

POWER PLANT EMPLOYEES RETURN TO WORK BY VOTE OF 184-2

KANSAS CITY, Mo., Sept. 19.—(UP)—A two-day strike of union employees at the Kansas City Power and Light Company which at one time blacked out the metropolis for four hours ended today.

The AFL International Brotherhood of Electrical Workers agreed to return to work under promise of the company to rehire, with specified exceptions, all strikers, and pending investigation of the dispute by a national defense mediation board representative.

The back-to-work vote—184 to 2—was taken shortly after midnight following a three-hour meeting which was addressed by Chester Smith, utility company president, and the firm's lawyer, Ludwig Graves. Fred Riddell, local president of the union, gave the company his assurance that the strikers would return to their regular shifts, the first group reporting at 7 a. m. today.

MRS. PAYNE IS INDICTED FOR MURDER

FIRST DEGREE CHARGE RETURNED BY BLOOMINGTON GRAND JURY

CHARLES MATTINGLY VICTIM

Monroe County Newspaperwoman Charged With Shooting Attorney In Jealous Rage

BLOOMINGTON, Ind., Sept. 19.—(UP)—Mrs. Caroline Payne, 43-year-old Bloomington newspaperwoman, today was charged with first degree murder in the slaying of her lover for 18 years, Charles O. Mattingly, Public Service Commission attorney of Indianapolis.

An indictment on the charge was returned late yesterday by the Monroe county grand jury after a seven-day inquiry. It accused Mrs. Payne of pumping five bullets into Mattingly's back the night of July 5 as he visited in the home of a friend.

According to prosecutor Floyd Cook, the woman killed Mattingly in a jealous rage when he returned to Bloomington with his wife of a year. He had jilted Mrs. Payne to marry his private secretary after a romance extending back to his student days at Indiana University. Mattingly was 40 when he died.

The grand jury acted within a half hour of concluding examination of some 100 witnesses. The indictment was handed to circuit judge Donald A. Rogers, who was expected to order Mrs. Payne to plead to the indictment shortly.

Cook said he hoped for an early trial. Defense attorneys, however, have not indicated whether they will seek a delay. Conviction on the charge carries a penalty of death or life imprisonment.

Judge Rogers recessed the jury pending a possible further inquiry. The circuit court, in which Mrs. Payne would be tried, is now in session.

The large number of witnesses who appeared before the jury included relatives of Mattingly and Mrs. Payne, and their friends, co-workers and business associates over the last 18 years. The accused woman was not called to testify. Maintaining a stoic calm, she has refused to discuss the shooting since her arrest following Mattingly's death.

All members of the Putnam Lodge No. 45, Independent Order of Odd Fellows are requested to be present for the funeral of Charles T. Vanceave Saturday afternoon. Members please meet at Hall at 2 o'clock.

Announcement was made today by Maynard Johnson, president of the Greencastle Conservation Club, of the appointment of James Zeis as secretary-treasurer of the club, effective at once. The appointment was made necessary by the change of work by Robert P. Hadley, who has been the incumbent in that office. Mr. Hadley's change of work will take him out of Greencastle much of the time, although he will retain his residence here.

YOUNG MEN WANTED IN NATION'S FLYING FORCES

Major Tom McConnell of the Army Cadet Examining Board was here Thursday in an effort to induce young men to enter the flying forces of the nation.

Young men interested are requested to appear before the examining board at Terre Haute on September 22, 23 and 24, which is next Monday, Tuesday and Wednesday, at room 29, Federal Building, Terre Haute.

Young men to become eligible must be between 20 and 26, inclusive, in age, must be unmarried, of good moral character, a citizen of the United States for the past ten years, and must be sound physically. They must have a high school education, and men with two years of college training will be exempt from the later educational examination. They must have three letters of recommendation and their birth certificate.

Northern Lights Viewed By Many

BRILLIANT DISPLAY OCCURS IN SKY FOR SECOND SUCCESSIVE NIGHT

The so-called "merry-dancers" of the aurora borealis flickered in the northern sky again last night, with a spreading of the phenomena over the eastern quarter of the heavens at the outset of the display. Between 7 and 8 o'clock in the evening, long streamers of dull red flashed up toward the zenith in the east, intermingled with pastel tones of other colors. When that display faded, the lights continued rising from the northern horizon, but with little of the flame color that flared in the north the night before.

There was a suggestion of the beams from powerful searchlights in the manner in which the flashes of light swept over the sky apparently from one central source down in the horizon.

Near 11 o'clock, the lights faded away into a pearly luminosity which was visible over the northern sky until dawn.

The display was viewed by many persons, who missed that of the preceding night.

Inquiry at the American Telegraph and Telephone Company's station on road 43, south of Greencastle, during last night's display, elicited the information that no disturbance of their electrical currents was indicated by the registers there but in some places there was such disturbance.

The aurora borealis, scientists have found, follow closely the number of sun-spots which are at a maximum about every eleven years. There are more auroras in March and September because in those months the earth is more directly opposite the spot zones of the sun.

A faintly seen aurora gives off a white light. Greater brilliance gives a yellowish light and a really brilliant aurora shows other colors—red, greens, and purples. At its peak last night, the aurora visible here was sufficiently bright that colors of red, green and purple could be seen.

Lewis Threatens Miners' Walkout

MAY ATTEMPT TO OBTAIN UNION SHOP FOR "CAPTIVE" MINES

WASHINGTON, Sept. 19 (UP)—President John L. Lewis of the United Mine Workers (CIO) today threatened to call out 330,000 soft coal miners for the second time this year in an effort to obtain a union shop for "captive" mines.

It was learned that Lewis has sent letters to signatories of the Appalachian agreement reached in June informing them of the Union's action in calling out 43,000 miners who supply coal to steel companies and adding "that it may be necessary to exercise further shut-downs."

The strike began Monday and affects captive mines in West Virginia, Pennsylvania and Kentucky. The mines are owned by steel companies.

Mine worker officials said an means of reaching an agreement on their demands for a union shop would be "exhausted" before a second strike is called. The defense mediation board is trying to obtain an agreement for reopening the captive mines.

There will be a homecoming and basket dinner at the New Providence Church, south of Mt. Meridian Sunday, September 21. Everyone welcome.

REPEAL OF NEUTRALITY ACT LOOMS

EXPECTED MOVE IS LOGICAL SHORT-OF-WAR STEP BY ADMINISTRATION

SENATE APPEARS FAVORABLE

Considerable Opposition Is Anticipated In House On Proposed Legislation

WASHINGTON, Sept. 19.—(UP)—Informed congressional sources today expected the administration to seek repeal of the Neutrality Act within the next two months.

They regarded such a move the logical final short-of-war step following Secretary of the Navy Knox's revelation that the United States navy is now engaged in active convoy duty.

Non-interventionist senators condemned the administration for the convoy move. Sen. Pat McCarran, D., Nev., said the "time has come to stop this thing by legislative enactment forbidding convoys." None, however, came forward immediately with a specific counter move. An anti-convoys resolution by Sen. Charles W. Tobey, R., N. H., has been in the Senate Foreign Relations Committee since April.

A private survey of Senate sentiment on neutrality repeal indicated that the administration would win, if the proposal came to a vote, with not more than 37 votes against it. House sentiment was more uncertain because of the recent action of the lower chamber in passing draft extension by only one vote.

Sen. Walter F. George, D., Ga., discussing the Knox statement on convoys, said he did not assume that American vessels are conveying any ships into the combat zone set forth in presidential neutrality proclamations.

"I think it is perfectly clear," he said, "that we have no authority to convey into these areas without changing our neutrality law."

George held that the navy was entitled to convoy American ships wherever they had a legal right to go.

Administration leaders believed the strong support given by the American Legion to President Roosevelt's foreign policy would have profound effect on congressional sentiment. One of the resolutions adopted at its Milwaukee convention called for repeal of the "so-called Neutrality Act."

Rep. Everett M. Dirksen, R., Ill., an influential member of the minority, a war veteran, and hitherto an opponent of Mr. Roosevelt's foreign policy, advised his colleagues in a House speech to support the "settled policy of Congress." Mr. Roosevelt's policy of "patrolling and clearing the waters is now known to all the world," Dirksen said, adding:

"To disavow or oppose that policy now could only weaken the President's position, impair our prestige and imperil the nation."

His statement followed that of another prominent member of the non-intervention group, Sen. Arthur Capper, R., Kan., who, while reiterating his complete opposition to any expeditionary force, asserted that since the President has acted, "Congress and the people of the United States must and will support that action."

BLAST KILLS ONE AT ILLINOIS POWDER PLANT

GRAFTON, Ill., Sept. 19.—(UP)—One man was reported killed today in a heavy explosion at the Illinois Powder Manufacturing Co. plant about a mile east of Grafton. The blast destroyed the neutralizing plant, where the only victim was working, and shook buildings 30 miles away.

Mr. and Mrs. George Taylor and son left this afternoon for their home in Blasdel, New York, after spending the past week with friends and relatives in Greencastle.

9TH ANNUAL REUNION

At the ninth annual reunion of teachers, pupils and friends of the No. 10 school in southwest Washington township, held Sunday at the school, which is north of the Raab corner. Andrew Knoll, the retiring president, had charge of the affair, aided by committees. Henry Knoll gave the opening prayer and conducted the memorial services. Officers elected for next year were: Edith Mathews, president; Ruth Williams, vice-president; Reggie McCullough, secretary-treasurer. A committee was appointed to send sympathy cards to any member who is sick or bereaved.

The meeting was then turned over to the program committee, Carrie Foreman and Reggie McCullough, who had charge of the following program: songs Aloha Serenaders from Belle Union; two accordion numbers, June Stalcup; piano solo,

DePauw News

Wilbur Chandler, new instructor in voice in the DePauw Music School, made his initial appearance before a large audience of students and Greencastle people Friday morning in the university chapel.

The personable young tenor presented a program designed to appeal to a college group. Mr. Chandler displayed unusual audience appeal and from the first the quiet attentiveness of the chapel signified its approval of the program.

His first song was a love melody, "Beloved, It is the Morn" by Alward. In this his subtle manner of presentation immediately won the audience's sympathy. This was followed by a negro spiritual done in the modern manner, "Wade in the Water and Be Baptized." This was followed by a negro spiritual done in the modern manner, "Wade in the Water and Be Baptized." This was at times almost syncopated. Mr. Chandler displayed an almost Hollywoodian showmanship in the presentation of this number. The syncopa-

tion lent itself to the boogie-beat ear of the majority of the audience and was well received.

The third number was "Into the Night" by Clara Edwards, a modern song published only last spring. It was a good arrangement of a modern love song. The fourth song was a rollicking ditty, "When I Look Upon the Maidens Whom I Swore to Love for Aye," by Michael Head. This told the story of the fickle young gentleman who cannot make up his mind between some dozen ladies, and rather hopes he never will. It is a gay little song, one that is definitely pleasing to a youthful group.

Mr. Chandler concluded his program by singing a burlesque of the florid style of Handel, composer of so many well known oratorios. Handel liked to have his tenors rove over the scale on one note, preferably a vowel. Mr. Chandler sang "Old Mother Hubbard" with all the tragic pathos of Handel, letting his voice roam over the scale to "get her poor dog a bo-o-o-o-o-o-o-o-ne."

Mr. Chandler was called back by enthusiastic applause but declined

to sing remarking on a quaint DePauw tradition of "closing on time."

Reviews and Previews

Voncacle

Stark drama, and a torrid love story set against the background of a tropical jungle are the exciting ele-

ments that make up the new Warner Bros. film, "Singapore Woman," which shows Saturday only at the Vancastle theatre. Brenda Marshall is starred in the role of a beautiful woman who has become branded as the "Jinx of the Orient." Even mere acquaintances of hers suffer misfortunes of one type or another.

She is in one of her most depressing moods, trying to drown out her thoughts in the sordid surroundings of a Singapore saloon when she meets a handsome, young rubber planter, played by David Bruce who co-stars with Brenda in the film.

Granada

Richard Arlen and Andy Devine are co-starred as a pair of detectives assigned to clear up a baffling murder case and recover \$250,000 in Universal's mystery film, "A Dangerous Game," which comes Friday and Saturday to the Granada Theatre.

Jeanne Kelly, blonde Texas beauty, has the romantic lead opposite Arlen in the exciting story and Devine's comedy is given full play in scenes where he is pursued by a marriage-minded widow.

Offering an unusual blend of chills, laughter and action, the story is told in and around an isolated rest-home where all of the patients try to confess a double-killing about which they know nothing.

NOTICE

Notice is hereby given that George Evert France has filed his petition in the Putnam Circuit Court to have the time and place of his birth determined. Said petition is set for hearing Sept. 26th, 1941.

ATTENDS PONTIAC MEETING

O. W. Hollowell, head of Holly's Sales & Service, local Pontiac dealer, and the company's sales force have returned from St. Louis where the Pontiac Motor Division formally

launched its 1942 campaign. All Pontiac dealers from the St. Louis territory met at the Jefferson Hotel. "There were plenty of important problems up for discussion among dealers and Pontiac executives," said dealer O. W. Hollowell.

"Every dealer and salesman was pleasantly surprised, however, when he saw the new Pontiac cars," continued Mr. Hollowell. "In a year when changes are least expected we found that the new Pontiacs have been restyled appearance-wise; also, that a number of worthwhile mechanical improvements have been made.

"Torpedo styling, which Pontiac pioneered two years ago, will be the basis of the Pontiac design this coming year. There will be two lines of

car—DeLuxe and Streamliner, both of which are greater in overall length than last year. All models are available with six or eight cylinder engines.

"The new cars have been changed as much in appearance as they would be in any normal year, the reason being that the new dies and tools were
